Vic Health and Diabetes Australia

The Victorian Health Promotion Foundation aims to promote health and prevent illness in the community by funding health promotion activities and research, and by sponsoring sporting and arts events.

Funding provided by the Victorian Health Promotion Foundation (Vic. Health) will enable Diabetes Australia to promote health messages to Victorians.

This is an excellent method of informing the public about the prevalence of diabets which affects approximately 500,000 Australians.

Diabets Australia is concerned about the number of people with the disease who have not yet been diagnosed.
